

R O Y A L            D A L T O N            T R O P H Y

*This trophy is tendered to the Santa Barbara Yacht Club by  
the undersigned on this 18th day of November, 1961*

*It is suggested that the trophy be presented from time to  
time as recognition for outstanding "boners" committed by  
members of the Club. It is further suggested that it be  
passed from member to member as occasion dictates, the com-  
mission of a "goof" being the only requirement for a re-  
presentation.*

*Recommendations for the award may be made by Committee  
Chairmen or by any Director and the presentation shall be  
made by the current holder of the award. A written record  
of the "charge" should be kept in this trophy book, and a  
copy of the "charge" presented to the winner.*

*The holder of the trophy will be expected to display it  
prominantly in his home during its tenure.*

## INITIAL PRESENTATION OF THE ROYAL DALTON TROPHY

It is the wish of the Vice-Commodore to make the initial presentation of a new perpetual trophy. This trophy is to be known as the "Royal Dalton Trophy", and is to be held by the present recipient until it is properly earned by some other member of the Club. It is to be displayed prominently in the recipient's home as long as he retain possession of it.

The lucky first winner of this trophy is our Commodore, Ron Bollay. The award is merited by his conduct on 15 October, 1961. His actions on that day were detrimental to the fine tradition and best interests of Yachting. He was seen by all the Arm-chair Yachtsmen to sail his boat through the starting markers in the wrong direction, flying an army surplus spinnaker in sloppy fashion without the proper support of other canvas. Furthermore, he was towing some kind of a red barge. All this just as we had completed a day of fine and very proper Yacht Racing. Such was the consternation of the membership that guns were fired, whistles sounded, and Bedlam and Confusion resulted, completely destroying the Normal Dignity of the Club.
