

CHRF Handicap Calculations

Handicaps are based on the average Adjusted Seconds Per Mile of the best four of your last five races. When you have finished five races, the slowest race (highest number) becomes the throw out. Your most recent races are listed below with 1 being the most recent. After your next race, the value shown under 5 will disappear, and the value shown under 4 will become your fifth race. Beginning 2007, the high handicap limit is 900.

BOAT	Next Handicap	1	2	3	4	5
AMIGO	576	575	643	567	574	588
ARGO 3	453	453
